

Art on Paper

- A Fair for Drawings in Denmark

From the 18th - 20th September Museumsbygningen in Copenhagen will be hosting the second edition of the fair Art on Paper.

At the fair eight different galleries, antiquarians and auction houses will present drawings, graphic, posters and books. The participants are: Bassenge Berlin (D), Brodersen Kunst & Antikvitetshandel (DK), Kunsthandel Nina J (DK), Banja Rathnov Galleri & Kunsthandel (DK), Riisgaard & Hjort (DK), Sct. Pauli Vintage Plakater (DK), Titelbech Fine Prints (DK) and Galleri Ib Spang Olsen (DK). Furthermore two private collectors will present some of the finest pieces from their collections.

Each participant creates a personal universe in one of the beautiful rooms in Museumsbygningen, which gives the audience the opportunity to experience a rich variety of art on paper; etchings from the 17th century, studies of landscape from the Netherlands, art from the Danish Golden Age, classic modernism and modern art, for example photography.

Many art collectors begin by collecting drawings, because of their size and the fact that they, most of the time, are less expensive than bigger and more completed pieces of art. But the sketch and paper have their own quality, which also attracts the more established part of the art collectors - the drawing is often a good expression of the artist's first and possibly best ideas.

*Art on Paper, Museumsbygningen, Kastelsvej 18, 2100 Copenhagen, 18th - 20th September, every day 12pm-5pm, admission: 50 kr.
Vernissage 17th September at 5pm-7pm*
